Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection but is not referenced in the Standards Review Summary Report. The standard was rated as Meets Standard for this inspection. There was one unfounded allegation of staff on detainee sexual assault of a non-ICE detainee over the previous twelve months.

ICE detainees will not be charged a co-pay for medical, dental, or mental health care. There were no serious suicide attempts, no escapes or attempted escapes during this inspection period. There have been no hunger strikes during this inspection period.

The facility experienced three deaths of non-ICE detainees in the previous twelve months. The first death involved a 60-year-old male who was found unresponsive in the housing unit. An autopsy indicated he died of an acute myocardial infarction. The second death involved a 51 year old male who died of an acute coronary thrombosis. The third death involved a 58-year-old male who suffered a cardiac arrest and was found to have an intracerebral hemorrhage.

The facility does not use Tasers. Oleoresins capsicum (OC) is authorized for use only by trained officers. The facility does not have a canine unit. The use of unsafe types of force such as choke holds, carotid control holds and neck restraints are prohibited. The numbers on the Significant Incident Summary reflect the total population, which consists of offenders from the Louisiana Department of Corrections.
