Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection, but is not referenced in the Detention Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

The Significant Summary Worksheet Summary represents data on ICE detainee only, per the ICE liaison officer. There were no deaths, serious suicide attempts, sexual abuse or assault allegations, hunger strikes or escapes involving ICE detainees during this inspection period. ICE detainees are not charged a medical co-pay.

During this inspection period there were three immediate uses of force incidents involving ICE detainees. Two of the incidents resulted in placement in the restraint chair. All documentation concerning these incidents were examined by this inspector. Reviews indicated proper and timely medical attention was delivered and a post-incident review was conducted by the sheriff and his review team, who concluded the use of force was appropriate, necessary and not excessive. There were no substantive injuries in any of these incidents.

The facility does have Tasers. The facility does have a restraint chair. Four/five-point restraints are not used at the facility. The facility does not have a canine unit. The only chemical agent approved for use is oleoresin capsicum (OC)/pepper spray. The facility does not use or train staff in unsafe types of restraint.
