## Significant Incident Summary Worksheet

For the Nakamoto Group to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Incidents	Description	Jan – Mar	Apr – Jun	Jul – Sept	Oct – Dec
Assault:	Types (Sexual <sup>2</sup> , Physical, etc.)	Physical	Physical	Physical	Physical
Offenders on Offenders <sup>1</sup>	With Weapon	1	0	0	1
	Without Weapon	3	2	1	1
Assault:	Types (Sexual Physical, etc.)	0	0	0	0

## **LCI Review Assurance Statement**

By signing below, the Lead Compliance Inspector (LCI) certifies that all findings of noncompliance with policy or inadequate controls contained in the Inspection Report are supported by evidence that is sufficient and reliable. Furthermore, findings of noteworthy accomplishments are supported by sufficient and reliable evidence. Within the scope of the review, the facility is operating in accordance with applicable law and policy, and property and resources are efficiently used and adequately safeguarded, except for the deficiencies noted in the report.

<b>Recommended Rating:</b>	<b>⋈</b> Meets Standards
	Does Not Meet Standards

Comments: There was one SAAPI allegation during the inspection period. Review of the file confirmed that the allegation was reported, investigated and documented according to policy and standard guidelines.

The facility reported fifteen immediate use of force incidents involving ICE detainees during this inspection period. There were no calculated use of force incidents. Ten incidents involved the non-routine application of restraints following detainee-on-detainee fights, detainees disobeying direct orders and/or refusing housing. There were three applications of oleoresin capsicum as a result of a detainee refusing to lockdown, detainee refusing a direct order and detainee throwing food items in the dayroom. Decontamination was provided in a timely manner. On 7/19/2018, a detainee with a history of mental health issues, was placed in the ERC due to self-injurious behavior. On 12/25/2017, two detainees were fighting each other with broom handles. After refusing several orders to stop fighting, a Taser was used on one of the detainees. Medical attention was provided within the guidelines of the standard. The operations captain reviewed each report and concluded that the amount of forced used in each incident was justified.

The Significant Incident Summary Worksheet reflects the detainee population. There were no detainee escapes or serious suicide attempts during the inspection period. The only chemical agent approved for use is oleoresin capsicum/pepper spray. Officers receive training in the application of chemical agents during initial and annual training. Only approved use of force techniques are authorized.
