Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection but is not referenced in the Standards Review Summary Report. The Standard was rated as Meets Standard for this inspection. There were no allegations of sexual abuse or assault during this inspection period.

There were no deaths, serious suicide attempts, hunger strikes or escape attempts during this inspection period.

There were no calculated or immediate use of force incidents involving ICE detainees during this inspection period. Black jacks and sap gloves are not permitted for use by staff as a use of force device. Oleoresin capsicum/pepper spray is authorized for use on ICE detainees by shift supervisors and certain trained officers but is not carried by staff routinely. Tasers are not available in this facility and therefore not authorized for use on an ICE detainee. Choke holds or other unauthorized restraint positions are not authorized. Canines are not used in the presence of ICE detainees.
