## Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection but is not referenced in the Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

There were no serious suicide attempts or detainee deaths since the previous inspection. There were no allegations of sexual abuse/assault during the inspection period.

There were no escapes or serious attempts since the previous inspection. There were no uses of force involving ICE detainees since the previous inspection. Policy permits the use of Oleoresin capsicum (OC)/pepper spray by officers who have received training/certification. The use of choke holds is prohibited. The facility does not have a canine unit. The use of Tasers is limited to officers who have been trained and certified on their use.

The data on page two of the Significant Incident Summary Report is for the ICE population only.
