## Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection, but is not referenced in the Detention Standards Review Summary Report. The standard was rated as Meets Standard for this inspection.

The significant incident summary worksheet data includes ICE detainee information. There were no escapes, deaths, hunger strikes, sexual assaults or allegations during the inspection period. There has been one detainee on suicide watch during the inspection period. The detainee was placed on suicide watch on 8/20/2018. The detainee was subsequently transferred to the Nix Behavioral Hospital for treatment on 8/31/2018, where he remains to date. A review of the medical record indicated the detainee was not evaluated daily by a mid-level professional.

There were no use of force incidents during the inspection period. The facility does not have a canine unit. Black jacks, sap gloves and Tasers are not permitted for use. Choke holds or other unauthorized restraint positions are not authorized. Oleoresin capsicum/pepper spray is authorized for use on ICE detainees by shift supervisors and members of the emergency response team (ERT) when needed. OC is not routinely carried.
