Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard was inspected during this inspection but is not referenced in the Standards Review Summary Report. The Standard was rated as Meets Standard for this inspection.

There were no deaths or serious suicide attempts in the facility in the previous twelve months. ICE detainees are not charged a medical co-pay. There was one report of sexual assault involving an ICE detainee during the previous twelve months.

There was one incident of sexual abuse/sexual assault during the previous twelve months involving an ICE detainee. On 06/17/2019 a female non-ICE detainee alleged that another female non-ICE female detainee verbally harassed a female ICE detainee and then the next day followed her to the bathroom in the housing unit and touched her. The OIC and ICE representative were informed as were medical and mental health services and the investigator. The alleged perpetrator was assigned to another unit and the investigation is ongoing. Procedures conducted, including notifications, were according to the requirements of the standard.

During the previous twelve months, there have been no escapes or serious attempts from the facility. There were no calculated or immediate uses of force during this inspection period involving ICE detainees. Supervisors have been trained on the use of Tasers and are authorized to carry them in the facility. Deputies have been trained and are authorized to carry Oleoresin Capsicum (OC) spray. Canines are not authorized to be used in the presence of detainees. Non-deadly force prohibited acts and techniques such as choke holds; carotid control holds; baton to apply choke hold; intentional strikes to the face, groin, neck; striking a detainee for failing to obey an order are not authorized.

The data contained in the Significant Incident Summary Worksheet is for the ICE population only.
