Significant Incident Summary Worksheet

For Nakamoto to complete its review of your facility, the following information <u>must be completed</u> prior to the scheduled review dates. The information on this form should contain data for the past twelve months in the boxes provided. The information on this form is used in conjunction with the ICE Detention Standards in assessing your Detention Operations against the needs of the ICE and its detained population. This form should be filled out by the facility prior to the start of any inspection. Failure to complete this section will result in a delay in processing this report and the possible reduction or removal of ICE' detainees at your facility.

Comments: The Sexual Abuse and Assault Prevention and Intervention Standard (SAAPI) was inspected during this inspection but is not referenced in the Standards Review Summary Report. The Standard was rated as Meets Standard for this inspection.

There was one allegation of detainee sexual abuse reported. On 08/11/2019, a male ICE detainee alleged he was inappropriately touched in the groin area by another male ICE detainee. The perpetrator was housed in the Special Housing Unit, ICE officials were notified of the allegation, the victim was examined by the medical staff, local law enforcement was notified and currently the investigation is ongoing.

There were no deaths or suicide attempts involving an ICE detainee. Seven ICE detainees were placed on suicide watch during this inspection period. There were no hunger strikes.

During this inspection period, there were no uses of force involving ICE detainees. Oleoresin Capsicum (OC)/pepper spray is available for use to control detainees, if necessary. Tasers are not used to control ICE detainees. Canines are used for contraband detection, but not in the presence of ICE detainees. There were no escapes or escape attempts.
